

SOPHIA VAN DER DUSSEN-REINECKE

Astronomer

PROFESSIONAL SUMMARY

As a scientist, I love data science and analytics. Skilled in programming and data analysis and interpretation, I foster critical thinking and self-confidence, with strong communication skills in presenting data. I have recently completed my MSc in physics and I am eager to leverage my analytical skills to help derive actionable insights from complex data sets.

EDUCATION

Master of Science, Physics, Astronomy, 03/2026

University of Pretoria - Pretoria

My Master's thesis is currently submitted. The thesis involved analyzing data from multiple telescopes. This included data interpretation as well as presentation primarily through the Python programming language. Other software such as the Common Astronomy Software Application package (CASA) and the Cube Analysis and Rendering Tool for Astronomy (CARTA) was also utilized.

R Programming, Data Analysis, 03/2026

Udemy - Online

Bachelor of Science, Physics, 03/2022

University of Pretoria - Pretoria

EXPERIENCE

Tutor, 01/2016 to Current

Online Tutors - Remote

- Provided teaching in Physics, Chemistry, Math and Astrophysics using specific curriculum and materials including IGCSE and AS and A level Cambridge syllabi.
- Promoted critical thinking skills through engaging activities and consistent reinforcement of complex concepts.

Presented My Research, 02/2024 to 12/2024

Astronomy - South Africa

I was chosen to present a talk on my research at the LOFAR conference in Stellenbosch in February, as well as at the post-graduate SARAO conference in December
I also presented my research via a poster at the IAU General assembly in Cape Town, 2024

PERSONAL INFORMATION

Gender: Female

Date of Birth: 08 March 1996

Age: 29 Years

ID number: 9603080053087

SKILLS

Experienced in multiple programming languages

Skills development

Problem-solving skills

Data interpretation

Study strategy development

Continuous improvement mindset

Eager to pursue additional training opportunities

Active listening

Strong written communication skills

Effective data communication

I attended all the conferences in person

Presented My Research, 07/2024 to 07/2024
AGN Across Continents Conference - Durham, UK

I was chosen to present a talk on my research at the AGN Across Continents Conference in Durham, all expenses paid.
